Exploration Class descriptions

Completed 1st – 3rd Graders

Arts and Craftsyounger travelers will explore art that draws its inspiration from traveling across the country and all the beautiful things God has created

Drama Games.....younger travelers will learn how to become more outgoing by learning how to be dramatic and exploring the world of drama. This will help you to prepare for auditioning for parts as 4th graders next year.

Choir Chimes younger travelers will learn how to ring and play music using chords and playing some melodies. It's like an orchestra that plays beautiful music with chimes.

Creative Movement/Signing younger travelers will learn creative movement and signing to music. If you enjoy being creative and graceful movements to the music, this class is for you.

Completed 4th – 6th Graders

Advanced Recorder older travelers who have taken recorder before will enjoy this step up to a more challenging class of recorder. Come prepared to learn some new songs and new notes!

Drum Circle.... older travelers will explore the fun of learning to play percussion instruments in a group. They will have the opportunity to learn techniques in drumming and of being a part of a "drum circle."

Ukulele.... although not your average musical instrument, ukulele remains one of our older travelers favorite classes.

Gardening 101..... older travelers will learn how natural systems work in a garden-what critters and plants live where and what they need to survive, but most importantly, about themselves.

DramaThis class is for those who receive a main drama part in the camp Musical. Main actors will automatically be placed in the DRAMA Exploration Class, even if signed up for another Exploration Class (refer to audition Dates/Times to try out for a part.)
